25X1 8. [ ] Jane McMullan, Senate Appropriations Committee [ ] if we could be of assistance to their office in handling a technical problem involving one of their three-way combination safes. I have been in touch with the Office of Security and we will take care of this some time next week.

25X1 9. [ ] Received a call from J. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, who has been talking with Al Tarabochia, of the staff, about their access to [ ] 25X1C  
25X1C Sourwine said he felt that an arrangement whereby they would submit their questions to [ ] through us was not very satisfactory. He is quite insistent on Tarabochia's seeing [ ] (assuming that [ ] has no objection to this himself). After conferring with [ ] WH Division, I told Sourwine we would get in touch with [ ] and raise the question with him and if it was agreeable we would make arrangements for direct contact between Tarabochia and him. In discussing their interest in seeing [ ] further, 25X1C  
25X1C Sourwine explained that they were interested in talking with him about someone whom he knew in the [ ] when he was there. I gathered from Sourwine's comments that they feel this individual is now engaged in questionable activities in Germany.

25X1 10. [ ] Met with David Martin, Senate Internal Security Subcommittee staff, and provided him with some additional material on meetings which [ ] has had with foreigners over the years. 25X1C  
Martin is making a compilation of all of [ ] activities which he plans to publish in a Committee document. Martin raised some questions about this material which I was unable to answer and I told him I would try to have someone who had prepared this material talk with him directly. 25X1C

25X1 11. [ ] Angus Thuermer contacted us about a call he received from the office of Representative Richard W. Mallary (R., Vt.) asking if someone from the Agency could speak to a group of 30 high school seniors from Mount Anthony High School, Bennington, Vermont, on 24 or 25 October. After checking with [ ] Office of Training, I told Becky, in Mallary's office, that we could do this and she will come back to us with a suggested date and time. 25X1C
